STRENGTHENING THE CHURCH IN AOTEAROA

Nichols (Editor)

The unity of Christian faith demonstrated in the development of this book, along with the depth of reflection contained within each chapter, will be a valuable contribution to the Church as we seek to grow God's kingdom together here in Aotearoa, New Zealand.

Hilary Hague, National Director Scripture Union

This is a very timely book, full of wisdom, from some of New Zealand's trusted Christian voices, about how we must work together to build and strengthen our precious Church in these challenging times. I will be encouraging all our leaders to read this book.

*David MacGregor, National Director Vineyard Churches Aotearoa New Zealand,
Pastor Grace Vineyard Church, Christchurch*

This important book addresses some of the major challenges facing the church in Aotearoa today, while offering practical insights for growth and renewal. Honest yet hopeful, it's a valuable read for any NZ church leader longing to see the church flourish.

Steve Maitua, Bishop of Nelson

This collection of articles from key current Christian thinkers and practitioners in our nation is superb! It helps us 'see' our context clearer and discern what is needed next for the sake of the Gospel in this land.

Dave Mann, Shining Lights Trust

Strengthening the Church is an important contribution to how we restore the good standing of the Church in Aotearoa New Zealand society. It acknowledges past mistakes and does not shy away from the challenges ahead. The book offers hope for all who love the Church in their service to Jesus.
